The College of Management seeks a highly motivated, experienced professional to coordinate a comprehensive, college-wide strategy for faculty research development. The Director of Research Development will assist faculty and department heads across the college's three departments in identifying and seeking appropriate sponsored funding opportunities. In addition, the Director will monitor compliance, edit proposals, create and maintain a grants and contracts website for the College, and manage research office information and the production of reports. This position reports to the Associate Dean for Graduate Programs and Research.

Qualifications:
To be considered, candidates must possess a master's degree in technical communication, educational administration, public administration, or related field, and at least two years' experience in university research administration. The individual must have strong written and oral communication skills; the ability to build, motivate, and facilitate interdisciplinary teams in the proposal development process, and the ability to interact effectively with a wide range of people.
